

Stenson Fields Primary Remote Learning Plan: 2020/2021

In order to ensure that learning is continued, throughout periods of lockdown and self-isolation, Stenson Fields Primary Community School has developed the following plan. This plan provides remote learning opportunities whilst also acknowledging that some households have limited access to devices and would require hard-copies of work and resources.

This plan will be applied in the following circumstances:

1. An individual self-isolating due to a member of their household having a positive test, or an extended period of time awaiting a test or results.
2. A whole class/bubble of children and adults is self-isolating because of a case of coronavirus in the bubble.
3. The school is forced to partially close due to national/local lockdown, whilst remaining open for vulnerable children and children of keyworkers.

The plan complies with the expectations and principles outlined in the DFE document Guidance for Full Opening of Schools.

Below is a summary of resources and online packages which may be used to support home learning.
