

PSHE Overview: Drug Education

Year Group: Year 2

Term: Autumn 1

Protected Characteristics: Disability

We Are Learning to:

Recognising that habits can have both positive/negative effects on a healthy lifestyle.	Understanding the importance of taking medicines correctly and using household products safely.
Understanding how medicines, when used responsibly, contribute to health.	Identifying strategies for keeping safe.
Identifying how to predict, assess and manage risk.	
Understanding what hazards may cause harm or risk and what they can do to reduce risks/keep safe.	

British Values: The rule of Law.

Useful conversations to have at home:

- Talk about how to live a healthy life.
- Talk about how to medicine safely.
- Talk to your child about how to store medicine and hazardous liquids safely.
